FIRST CANDIDATE FOR GOVERNOR IS ANNOUNCED

Grant B. Dimick, for the last three years county judge of Clackamas county, and for five years mayor of Oregon City, has announced his candidacy for the Republican nomination for Governor of Oregon, after being urged by many people from all parts of the state to make the run.

His friends feel that should he be the nominee of the party of his adoption, no issue could ever be made about his being of foreign birth, or about his true Americanism, since he was born on a farm on Pudding River, in Marion county, Oregon, the son of one of the most prominent G. A. R. men who ever drew sword in his country's behalf. He was admitted to the bar of Oregon in 1895, and located the following year in Oregon City, where he has established himself firmly in the hearts of the people of that city and county. He has successfully filled the office of deputy district attorney 2 years; mayor of Oregon City five successive terms, and has served as county judge two years. In 1904 he was a presidential elector on the Republican ticket, speaking in many sections of the state, and received over 40,000 plurality.

The Oregon City Enterprise, in the issue announcing the candidacy of Judge Dimick, has a long editorial, speaking in eulogistic terms of him, and pledging 5000 votes solid from "Old Clackamas." It is very early for candidates for governor, since the primary election deciding this contest will not take place until in September, 1910, but evidently the Clackamas man feels that if "the early bird catches the worm" the prize in this case should be his.

Smoke the Advertiser and be happy.

Vicar of Poppleton—I hear you have been over at Ippleton church the last two Sundays, Bates. How would you like it if your cattle strayed into somebody else's field?

CATTLEMEN IN CONVENTION

Meet in Los Angeles to Discuss the Grazing Industry.

Los Angeles, Cal., Jan. 26—Questions of great importance to cattlemen throughout the country, especially in the west, will be discussed at the 12th annual convention of the American National Live Stock Association, beginning here today and lasting three days. Hundreds of delegates, among whom are owners of some of the biggest of western ranches, through the streets of the city.

Among the important questions which will come before the convention will be the proposed revision of the tariff in its relation to meat, hides, wool and other products of the live stock industry.

It is expected that the association will adopt resolutions favoring the enactment of laws for adequate railroad service, the furnishing of plenty of freight cars and other problems of transportation.

TO STOP HORSE RACING

Pool Sellers Are Struck by Consternation—Farms Will Suffer.

San Francisco, Jan. 25.—That racing in the state of California is doomed and that the present season at the famous Emeryville and Santa Anita courses will mark the passing of the "sport of the kings," is the opinion of the majority of race followers at Sacramento.

The passage of the Walker-Otis anti-racetrack bill by an overwhelming majority in the lower house has spread consternation in the ranks of the opponents of the proposed law.

The bill as passed by the house is similar to the Humphreys anti-racetrack bill which has suppressed pool-selling in New York. The pool-sellers in California will be allowed 60 days in which to wind up their affairs from the time the document is signed by the governor.

The effect of the closing of the racetracks in California will be widely felt. The county fairs, at which trotting meets are annually held in various parts of the state during the summer months, will be forced to abandon these events. The great breeding farms which have made this state famous the world over, will receive a death blow.

In the event of the closing of the racing establishments in this state, it is fairly certain that racing will be shifted to Nevada or Lower California.

It Happened in Church.

A southern clergyman tells the following story:

After the morning sermon one Sunday he had read the notices for the week and then announced the closing hymn—number 80-and-so. At that moment one of the deacons came down the aisle, and the minister paused to hear what he had to say, which was that the pastor had forgotten to give notice of a meeting of the ladies of the congregation.

Accordingly the divine gave the notice, apologized to the congregation for his forgetfulness and then again announced the number of the hymn and proceeded to read it. His feelings and those of the congregation may be imagined when he began:

"Lord, what a thoughtless wretch was I!"—Lippincott's Magazine.
